

TAILWINDS

JAN 2017

The RC Aces are affiliated with the AMA (Academy of Model Aeronautics) Charter #1377. Meetings are held the 1st Thursday of the month, Sept. through May at the N. Hampton Public Library at 7 PM unless otherwise notified. All members, spouses, potential members and guests are invited to attend !

ROCKINGHAM COUNTY AIRCRAFT CONTROL BY ELECTRONIC SYSTEMS

Meeting minutes from 12/01/2016

The meeting was called to order at 6:30 PM with 12 members in attendance.

There was a motion to accept the meeting minutes from November as posted in the newsletter, it was seconded and approved.

The treasurers report was read and accepted.

We welcomed our new VP Cappy Polito to the officers table.

Old news

We discussed rails to trails, it is reported to be moving very slowly and shouldn't affect the club any time soon. Democracy on the town level seems to move slowly at times. Now we need to transfer that to the Federal Level as nuclear proliferation seems to be getting a fresh start.

We heard that the town decided not to buy Hobbs field to build a new Safety complex therefore this doesn't seem to be an impending issue either. Since there was no other new business the meeting was adjourned.

In light of all the good news about the field and it being the last meeting of the year we had an impromptu pizza party with snacks. Thanks to all who brought in the snacks. The pizza was provided by the club. A fair amount of hanger flying ensued.

NEXT MEETING 1/5/2017 AT THE LIBRARY 6:30 PM

MERRY CHRISTMAS, HAPPY HANUKA, HAPPY KWANZA

I think that should cover the bases for our little group.

Here's hoping all had a joyous Holiday Season and are looking forward to an exciting New Years Eve. Or if your like me— well nobody wants to be that boring so kick up your heals go naked and throw potato salad, - - - just not in my neighborhood. Seriously folks I hope all are well and looking forward to the 2017 flying season. As I sit here and type it's 55 degrees outside but windy as all get out.

Woulda—coulda—shoulda been a nice flying day. Remember last year, Christmas was 60 +. This time of year anything over 40 is a good day, flying or not. The December meeting was good in that we had some good food and a bit of hanger flying. Why not make that New Years Resolution to come out to a meeting and say hello, bring a project and/or fire everybody up with new ideas for making the club more enjoyable and fun. Maybe you might consider an article for the newsletter. The editor needs help as you all know. Just ask his wife! Hope to see you on the 5th!
